LASCT NOMINATIONS FOR 2020-2021 SECRETARY

There is currently one nomination for the 2020-2021 Secretary position.

GILBERT ZUBIATE:

I began my career with a family operation called Smiland Paint back in 1993. I started as a milling operator, which gave me the opportunity to work directly with their chemist, which I believe gave me the passion to explore the values of architectural chemistry. In 2003 I joined Behr Paint Corporation, Santa Ana as Quality Control technician. I was assigned to all three-manufacturing facilities Garry, Yale and Alton. My first year at Yale manufacturing I was recognized as employee of the month, which inspired me to make BEHR Paint Company my home. Four years into my career I transferred to Research and Development department with the Paint Group. There I worked on many meaningful assignments which included new colorant and supplier development. That task increased my passion to explore the color department, a sixteen-year team member till this date.

I'm a native of Southern California, born and raised in the city of Montebello. During my personnel time, I enjoy watching football, hiking, bike riding, swimming and playing pool. I enjoy traveling with my family, favorite location of mine is Hawaii. A resident of Whittier, Ca., I've been blessed with two wonderful children, Christopher and Isabella and soon celebrating twenty-three years of marriage with my wife Martha.

MY TITLE: My title is Color Lab Chemist, providing excellent service towards our customers is my main goal. My main task is new product development which includes preparing color formulations, applications, evaluation, collecting data and supplying feedback. I provide technical guidance internally here at Behr and externally with our suppliers, I manage and preparing weathering studies for the purpose of evaluating color retention (fading). I prepare color standards, for collateral and storage. I provide technical guidance when need for Custom Care, Quality, Marketing, and Pro Services as well.

WHY LASCT: With over twenty-five years in the coating industry, I provide all my work experience when needed. I believe each day brings new challenges, along with completing daily task. Responsible time management is a strong area of mind. I pursue work task with a sense of urgency and drive to complete each task. I proactively seek and consistently use internal and external

customers feedback to drive improvement. I support positive values such as; cooperation, truthfulness, provide technical guidance and direction towards my colleagues. I believe in creativity, innovation, education and training.

If you are interested in running for LASCT Secretary or wish to nominate a candidate, please contact the LASCT office at lasct@earthlink.net or (714) 998-1891. The LASCT would like a brief bio including a statement of their interest in the LASCT from each candidate.
