

2024 Career Polymer & Coatings Industry Office Hours

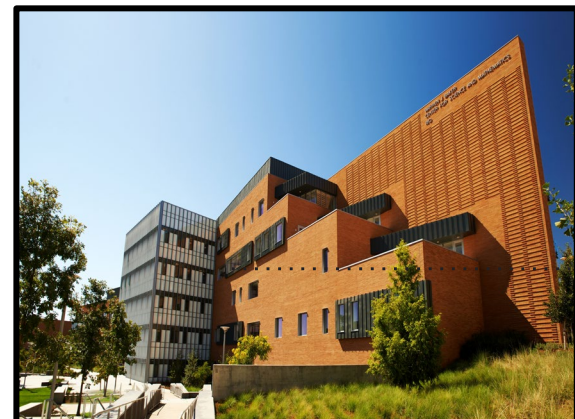

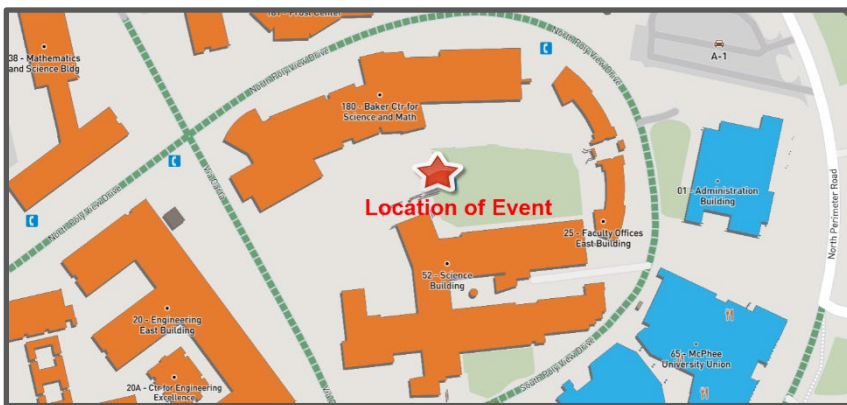

Come Join us on Friday, October 18th from 10am to 1pm to meet various industry professionals and learn about opportunities in the industry!

When: Friday, October 18th (10am to 1pm)

Where: Outside Baker Center for Science and Math (Bldg 180)

CAL POLY

The WESTERN COATINGS TECHNOLOGY CENTER (WCTC) elevates and bolsters educational opportunities and applied research in polymers and coatings by

- Empowering students with practical skills
- Engaging faculty in teaching and research
- Fostering industry partnerships

The INDUSTRIAL ADVISORY COUNCIL (IAC) is made of leaders from the polymers and coatings industry. Member sponsors support education efforts and provide mentorship for students.

- **Do I need to be a Chemistry or Polymer and Coatings Science Major?** No – all science related studies are welcome.
- **What can I expect?** Meeting various industry professionals to learn about opportunities for internships, jobs, among other things.
- **Is it free?** Yes, you can stop by and simply check-in at the sign-in booth to provide your name, e-mail address, major, and year in school to **get a ticket** to visit the various tables and get a **free taco lunch!!**
